

Spiritual Genograms

A Spiritual Genogram is a way to show how others influence and shape our spiritual life. Many people teach us about faith. Our parents, our grandparents, people at church, our pastors, our teachers and friends.

To help you discover your own Spiritual Genogram, answer the following questions:

- Who taught you to pray?
- Who taught you to be kind?
- Who first taught you about God?
- Who in church teaches you about Jesus?
- Who in church do you learn most about how God is like?
- Who taught you how to read the Bible?
- Who taught you how to read a hymnbook?
- Who makes you feel special?
- Who helps you feel happy and glad?

Now, make a mobile to show the people in your Spiritual Genogram. Use different shapes and colors. Write the names of the persons in your genogram in the shapes and tell about what they taught you about faith, God, Jesus, etc.

Hang your Spiritual Genogram mobile in a place you can see to remind you of the people in your life who love you and care about you.
